

# INSTITUTE OF GENERAL PRACTICE EDUCATION INC.

## MANDATORY PAEDIATRIC EXPERIENCE

All registrars are required to have undertaken an RACGP accredited hospital based child and adolescent health experience that includes a high proportion of paediatric emergency attendances with appropriate supervision from paediatricians and/or appropriate experienced General Practitioners and/or emergency physicians. It is mandatory that registrars gain this experience prior to entering their first accredited Basic GP Term (unless otherwise approved by the training provider).

Please complete the details below to verify you have gained appropriate paediatric experience (please note, accident and emergency terms in some hospitals are counted as your mandatory paediatric experience. Please contact your training advisor to discuss your term if you have any queries):

Name: \_\_\_\_\_

Post	Discipline	Date From	Date To	FTE Weeks

Please provide any additional information you feel supports your application (eg letter from employer, term assessment form etc). I certify that the information given on this form is true and correct to the best of my knowledge.
